### PROFESSIONAL SUMMARY

I am a Junior software developer, recent Bootcamp Generation graduate specializing in Junior Software Development. Over 1 year and a half of experience as a Test Debug Engineer in the electrical field at Fabrinet Co., Ltd. Holds a Bachelor's degree in Electrical Engineering. Strong in time management, planning, problem-solving, and communication. Proficient in JavaScript, React, API, SQL, MongoDB, GIT, HTML, CSS, and Python. Seeking a Software Developer role to leverage technical and soft skills. Committed to customer focus, achievement motivation, and teamwork.

### EDUCATION

**Electrical Engineering**  
**Chiang Mai University**

Aug 2018 - Jun 2022

- Major in Power Electrical Engineering.

### EXPERIENCE

**Junior Software Developer**  
**Generation Thailand**

Sep 2024 - Dec 2024

- Gained proficiency in building web applications using React for front-end, Node.js for back-end, and MongoDB as a database (MERN stack).
- Developed a MERN stack CRUD application utilizing React, Express, and Node.js.
- Demonstrated the ability to build full-stack applications and effectively collaborate in agile teams.

**Test Engineer**  
**Fabrinet Co.Ltd**

Jan 2023 - July 2024

- Identified and diagnosed module failures to enhance product reliability.
- Verified root causes of issues through systematic analysis and troubleshooting.
- Communicated findings and solutions to customers and the production line for issue resolution.
- Collaborated with cross-functional teams to develop and implement corrective actions.

### SKILLS

- **Programming languages:** Proficient in Javascript, HTML, CSS. Basic knowledge in Python, C++.
- **Developer tools:** Postman, Git, VSCode
- **Libraries/Frameworks:** ReactJS, NodeJs
- **Languages:** Thai (Native), English (Intermediate).
- **Databases:** Proficient in MongoDB, Basic knowledge of SQL
- **Soft Skills:** Problem-Solving, Teamwork

### CERTIFICATION

- **Generation Thailand:** Junior Software developer
- **Codecademy:** Learn HTML, Javascript, CSS, React, SQL, NodeJS
- **Engineering:** Associate Electrical Engineering License
